

DUTCH WATER DREAMS

BUSINESS EVENTS

UNIQUE LOCATION!

Dutch Water Dreams (DWD) is an unique location that offers a wide range of possibilities for staff and business events. We can turn both your internal meetings and meetings with business relations, prospects and customers into unforgettable events. DWD offers companies and organisations a tailor-made mix of communication, training, sportsmanship, conviviality and relaxation, in which the focus is on the group dynamic.

OLYMPIC TRAINING CENTRE

Would you like to give your event an Olympic look? DWD is the perfect location for this. The whitewater course is based on the design of the course laid out for the Olympic Games in Beijing in 2008. In addition, the NOC*NSF (National Olympic Committee and Dutch Sport Federation) has designated DWD an A-location and the national training centre for the Dutch Canoe Association.

A SELECTION OF OPTIONS

Meeting

When you are looking for an unique and inspiring environment for your business meeting, DWD is the perfect location. The complex contains 4 multifunctional meeting rooms. Besides the meeting rooms, our Beach House is also a suitable location for an informal meeting. You can finalise your meeting with a sportive challenge; on the whitewater course or on the FlowRider® you will gain new energy and inspiration.

Incentives

Reward your staff or intermediaries with one of our stunning packages or with a tailor-made VIP programme; an effective way of rewarding and encouraging performance.

Staff outings

A staff outing boosts your staff's commitment and loyalty. A kick-off, an interim appraisal moment, the completion of a merger process or for motivational purposes, at DWD almost anything is possible.

Product launches

Launch a new product in a new environment. Your presentation can be either indoors or outdoors – with the whitewater spectacle as a background – if you wish with the addition of a stunning show from our Demo Team.

Recruitment

Stage your recruitment activity at DWD and you'll be running a recruitment campaign with a difference. This will not only be response enhancing, but will also have a positive impact on the selection itself. The way in which applicants tackle the whitewater challenge and the role that they occupy in a team, will tell you a lot about the quality of an applicant. You can also make use of our additional facilities, such as a consulting room.

Meetings with business relations

Meet your business relations in an unique and informal environment. After a collective watersports activity you will certainly be closer to one another. For that matter though, you don't have to get wet for a successful meeting. A so-called 'behind the scene' programme, or attending a sporting event, is also an option. The bond with your business relations will be reinforced whatever you do!

Teambuilding

Whitewater sports, in particular rafting, are perfect for teambuilding. The white water can only be conquered by "joining forces". You will rely greatly on one another and celebrate your victory on the water together afterwards. This experience is certainly good for teamwork!

Events

Openings, anniversaries or promotional actions? We can provide a spectacular programme! And also for end-of-year parties, kick-offs, company parties and receptions. DWD will be happy to organise these events with you, depending on your specific requirements and budget, and will help you put together the kind of programme that will make your party a real experience.

Our spectacular whitewater sports complex will largely determine the character and atmosphere of your event. With the whitewater course or FlowRiders as a background, there are possibilities at both the outdoor location (Beach House) and indoors. Our Demo Team can provide a stunning show, complete with light and sound.

Entertainment

If you wish we can also extend your event with the addition of alternative activities (whether active, passive or creative) and suitable entertainment in the form of a DJ, band or other spectacle. Ask for the possibilities.

SPORTING PACKAGES

All quoted prices are valid until February 28 2010. The prices are including VAT and per person, unless stated differently.

DUTCH WATER DREAMS

LIVE A DREAM!

Dutch Water Dreams is *the* place for action, excitement and fun! The many possibilities in a more than unique environment guarantee a successful event whether it involves a staff or business contact day, product launch or meeting, braving the whitewater course or pitting yourself against the powerful water on the FlowRiders! Dutch Water Dreams offers challenging sporting packages for business groups.

ALL-IN PACKAGES

In order to get the most out of your (sporting) event, all our group packages always include a number of fixed elements. To put it briefly, you will go through the following programme:

Reception

You will be welcomed by our DWD Service desk employee who will direct you to the reception area, where coffee and tea with an assortment vanilla & chocolate muffins and donuts will be waiting for you.

Equipment collection & changing facilities

The DWD instructor will tell you all about the programme. The instructor will accompany you to the wetsuit collection point where you will be given a wetsuit which you will then change into. After that, you will be given any other equipment that you may require, such as a life jacket and helmet, after which you'll be in just the right mood to get started on the sporting activities.

Sporting activities

After this enjoyable but thorough preparation you will brave the whitewater in reality, either on your own or as a group. You can choose one or more sports and put your programme together yourself. Obviously under the supervision of our experienced instructors.

For example, you could choose the Raft Experience or the FlowRider® Experience. A brief idea of what is waiting for you follows - but you should just experience it for yourself!

Raft Experience

After a "dry instruction" at the side of the water where you will practise the basic positions, the DWD instructor will take everyone to the end of the whitewater course, where you will start off with some whitewater swimming.

Then the real work will begin: the instructor will take his/her place in the raft as helmsman/helmswoman and guide and coach the group through the whitewater course.

There will always be an instructor in the raft. In the end you'll be facing the whitewater together, and teamwork will be of vital importance.

Energy Break (for packages with several sports)

To ensure that you can catch your breath and share your experiences with one another, there will be an Energy Break between sports during which you'll be given an energy drink and an energy bar. At the end of the break the DWD instructor will give you your instructions for the second part of the programme.

FlowRider® Experience

The DWD instructor will give instructions about the FlowRider®, after which everyone can try it for themselves, under the guidance of the DWD instructor. The DWD instructor will give the group intensive guidance and coaching, so that after this hour everyone will have learned the basis techniques of bodyboarding (lying on a surf board).

Memento

At the end of the programme every active participant will receive a group photo of this sporting day.

All quoted prices are valid until February 28 2010. The prices are including VAT and per person, unless stated differently.
